INNOVON TECHNOLOGIES (PTY) LTD

Registration Number: 2017/306867/07

VACANCY ADVERT

JOB TITLE: GRADUATE RESEARCH ASSISTANT

COMPANY: INNOVON TECHNOLOGIES (PTY) LTD

Innovon Technologies (see www.innovon.co.za) is a Natural Products Company developing innovative new natural ingredients for the Health and Wellness markets.

We have a position available for a Graduate Research Assistant in our Pretoria Based laboratories.

KEY ROLES AND RESPONSIBILITIES

Personal Attributes, skills and competencies

- Enthusiastic, diligent and hard-working
- An independent and critical thinker capable of innovative problem-solving
- Ability to exercise tact and good judgement with highly sensitive information
- Excellent written and oral communication skills in English
- Proficient in Microsoft Office (Word, Excel, PowerPoint)
- Excellent time management skills and ability to function independently
- Strong organisational skills and ability to multi-task
- Practically capable of working in the laboratory
- Technical skills in isolation and identification of compounds from plants using chromatography separation technologies

Qualifications and Experience

- At least a BSc Honours degree in Chemistry
- At least 2 years practical experience in conducting Natural Products Chemistry / Bioprospecting research
- Experience in working on projects with commercial applications

The Company gives preference to candidates who meet the requirements and who will add to the cultural and gender diversity of the organisation.

Candidates are allowed to be enrolled for formal studies while appointed as a Graduate Research Assistant.

Should you meet the above requirements and wish to contribute to the success of the organisation through this position, please submit your CV, clearly indicating the position you are applying for, to the following e-mail address: admin@innovon.co.za.

Closing date: 8 February 2021

PLEASE NOTE THAT CORRESPONDENCE WILL BE ENTERED INTO WITH SHORT-LISTED CANDIDATES ONLY.
